

Zoi's has been working diligently to find product & use systems that are respectful to animals & the environment. In doing so, we have aligned Zois with vendors that know where, how and who our product originates from. Also, we have begun the process of switching to compostable paper products (ie if you noticed, most of our togo containers are now compostable). In addition, we are working toward providing all our employees a livable wage in the great State of CT.

A Few Highlights:
 Our House Roasted Turkey, Chicken & Eggs are Raised Cage Free
 Our House Roasted Beef and Homemade Burgers are Angus
 We slow Roast Our Pork in house
 Our Baby Spinach and Field Greens are Organic
 Our Togo Containers are Compostable

and we are working on more.....

Thank you for understanding and working with us to recreate a better Zoi's!
